A message from Fr Justin

Ave Maria!
There are so many blessings that we received in our devotion to Our Lady of Guadalupe. She is accompanying us in our everyday living. I pray that you will continue to be like St. Juan Diego to others by simply pray and be a witness of hope to others. Fellow Guadalupans I wish you all the best for the salvation of souls.

"I was blessed to be able to attend the healing Mass with Fr Justin and Fr Polycarp and am blessed with a healed knee and am sure there will be further blessings"

MARIETTA DSILVA

"Fr Justin's healing Masses and retreats are always filled with God's love and mercy. Listening to him draws me closer to God and makes me reflect more deeply on His love and on Mother Mary's gentle presence, guidance, and unwavering love.

I will never forget the messages I received from our Mother through him. Those messages filled my heart with so much love, comfort, and reassurance, reminding me that Mother Mary is always watching over me, guiding me, and lovingly looking after me." Maricel Vitor attendee retreat June 13th 2026

"The first time I met him was at mass, and I had never been to a healing mass. After mass, he put the tilma of our lady of Guadalupe and what our lady spoke to me through father Justin is what brought me stronger and stronger towards my faith."

MORE REFLECTIONS FROM THE VISIT...

Veronika Vincen who attended the Carlton healing Mass with her husband Peter writes: "It was an amazing night. I was in tears listening to Fr. Justin's homily. His homily spoke a lot to me. During the consecration, I burst into tears as I could see the cross and Jesus very real. Truly, a real presence of Jesus in the Eucharist.It wasn't a coincidence that during communion, the song that was played was "Here I Am, Lord." I was sobbing this time as this song describes my current situation as I am discerning which ministry I should pick and where God leads me.The individual prayer with Fr. Justin... no words could describe it. It was amazing, peaceful, and so encouraging. Both Peter and I felt peace and confidence to get through life, even though we know it wouldn't be an easy way ahead."

"I felt very called to attend the Rockdale Healing Mass with Fr Justin and Fr Polycarp, I was so glad I answered the call. I felt so much peace during the mass and all of the burdens that were on my heart were eased as Fr Polycarp prayed over me, I felt like I had recieved a hug from our Heavenly mother" - Suzie P.
